Section C – Preparation of Proposals

6 General Considerations

6.1 The Proposal needs to be submitted as per the formats enclosed in Annexure - B.

6.2 The Proposal shall comprise all the documents as listed in Annexure -B.

6.3 In preparing the Proposal, the Applicant is expected to examine the RFE in detail. Deficiencies in providing the information requested in the RFE may result in rejection of the Proposal.

6.4 The Applicants shall bear all costs associated with the preparation and submission of its proposal, and UPSDM shall not be responsible or liable for those costs, regardless of the outcome of the empanelment process. UPSDM is not bound to accept any proposal, and reserves the right to annul the selection process at any time prior to the Empanelment, without thereby incurring any liability to the Applicant.

6.5 The Proposal, as well as all correspondence and documents relating to the subject, shall be in English only.

7 Proposal Validity

- 7.1 The Applicant's Proposal must remain valid for at least 180 days after the Proposal submission deadline. A bid valid for a shorter period shall be rejected by the tendering authority as nonresponsive bid.
- 7.2 During this period, the Applicant shall maintain its original Proposal without any change.
- 7.3 However in case of extension of validity, the EMD shall also be extended for similar period. An Applicant may refuse the request without forfeiting its EMD. An Applicant granting the request shall not be required or permitted to modify its Proposal. The request and the responses shall be made in writing.

8 Subcontracting or Franchising

- 8.1 Private Training Partners cannot subcontract the conduct of training. If it is found that any Private Training Partner has subcontracted the training, his empanelment will immediately be cancelled and he would be debarred from participating in any bid in future.

- 9.4 The EMD shall be valid for the period of Proposal Validity period as mentioned in Clause 7.1. The same shall be payable at par at "Lucknow". Hence, Demand Draft / Banker's Cheque for EMD with 3 months validity shall be considered eligible subject to the condition that the applicants would need to furnish a fresh Demand Draft / Banker's Cheque for EMD with further 3 months duration in case the empanelment process does not complete within 3 months. The applicants who do not submit fresh EMDs under such circumstances shall not be considered for empanelment.
- 9.5 Refund of EMD: The EMD of unsuccessful applicants shall be refunded within 30 days of completion of empanelment process. However, in case of successful applicants, the

24 Selection of Districts

- 24.1** A TP may submit its proposal for any number of districts but should have to indicate order of or preference of the districts. The UPSDM will ensure that all the districts and tehsils of the State are duly covered and served by one or the other TP. The TP needs to understand that it will be the sole prerogative of the UPSDM to allot districts, tehsils,

targets and sectors to a particular TP to achieve the objectives and serve the public interest. The UPSDM will have the prerogative and sole discretion with regard to directing the training providers to open their training centers in a particular tehsil or tehsils (if more training centers are to be opened) in the given district and in a given trade or job role with a view to saturating all the tehsils of the district and expand the reach of the training facilities down to the tehsil level, on one hand and meet the training need in any particular trade or job role.

24.2. The PTP shall open all the targeted centers in phases over a period of 60 days from empanelment such that:

- Training is started in 100% of the targeted centers within 90 working days of signing of the Agreement.
- Training is started in 100% of the sectors allotted within 90 working days of signing of the Agreement.

25 Infrastructure and faculty requirements

25.1 The PTP would be **obligated** to adhere to the Training Centre Specifications as laid out by UPSDM in **Annexure D**. (The above clause is subject to modification in case the specifications of the center are changed by the UPSDM which would be communicated to all concerned in due time).

26.2 Each batch of the PTPs would be allotted assessors **normally** within a month of the start of training by the concerned SSC.

27 Placement criteria:

The placement criteria would be the same as detailed in the common cost norms notified by the Government of India and adopted by the Government

of Uttar Pradesh.

It must be ensured that the sector of placement is in sync with the area of training. For instance, a welder has to be placed for welding job in an industrial job.

UPSDM shall conduct a random audit of a representative sample of 5% of the placed candidates in a quarter. Any material discrepancy between the claims and the audit findings shall result in penalty as deemed fit by UPSDM and may result in termination of the Agreement.

28 Training Cost and Incentives

28.1 Training cost shall be paid on a per hour basis as per the **common cost norms notified by the Government of India and adopted by the Government of Uttar Pradesh.**

28.2 All trainees shall be provided a **pair of** uniform. The fixed cost for uniform will be provided to the PTPs who shall arrange the uniform **for the trainees** as per the specification prescribed by the UPSDM.

29 Payment Terms

29.1 Training cost payments would be in two installments:

- a. 1st Installment: Post certification/assessment – 80% of the training cost would be released only for the candidates who have successfully cleared the assessment.
- b. 2nd Installment: 20% of the training is linked to the outcome of training i.e. achievements of Placement targets and tracking of the placed/ self-employed candidates. The targets would be 70% of the successfully certified candidates within 3 months of completion of training on annual basis with at least 50% of the trainees passing out placed in wage employment.

In case of wage employment candidates should be placed in jobs that provide wages at least to minimum wages prescribed and such candidates should continue to be in jobs for a minimum period of 3 months from the date of placement in the same or at higher level with the same or any other employer.

In case of self-employment, candidates should have been employed gainfully in livelihood enhancement occupations which are evidenced in terms of trade license or setting up of an enterprise or becoming a member of a producer group or proof of additional earnings (bank statement) or any other suitable or verifiable document as prescribed by the respective Ministry/Department.

Tracking: The placed candidates would be required to be tracked for a period of 12 months. However, in the matters of placement and tracking, the provisions of the Common Norms would be applicable.

29.2 The payments will normally be released within 30 days of the submission of invoice unless a discrepancy is detected.

30 Deliverables and Timelines

30.1 The training provider would be required to follow the time line with respect to training, assessment and employment as detailed in the common norms or courses modules of particular trades developed by concern SSC & approved by NSDC.

31 Targets

The UPSDM would allocate the targets to the training provider every year.

31.1 The allotment of target to a TP could be based on the allotted targets to a particular district. However the target may be revised based on the performance of the TP at a later stage.

31.2 The PTP must ensure a minimum of 80% attendance for trainees. The trainees who do not complete 80% attendance would not be eligible for assessment. Attendance of the trainers must be 85%.

31.3 PTP has to ensure placements of **minimum 70%** of the trained candidates as per common cost norms.

31.4 The targets in relation to the subsequent years for training and other parameters shall be fixed at the start of the subsequent year based on the performance review of PTP.

32 Batch Size: The minimum and maximum number of trainees in a batch should be 15 and 27 respectively.

33 Period of the Agreement: The Agreement shall remain valid for 2 years from the date of its effectiveness excluding the year of empanelment. However the above period of agreement would be subject to satisfactory performance of the training provider. If the performance of the TP is not found satisfactory, the agreement could be considered for premature cessation. The assessment of the performance of the training provider would be made as per the provisions enunciated under the caption "Performance Review" in the subsequent paragraphs of the agreement.

34 Performance Review

The performance of the training providers would be evaluated annually in the month of March of any given financial year as per the following provisions :-

34.1 The PTPs would be allotted targets in the first quarter (April-June) of any financial year which they were ought to complete by December and of the reference year with respect to the candidates against the targets and getting them assessed also. The last quarter of the year (January-March) would be utilized specifically to ensure the placement of successful candidates.

34.2 The PTPs are suggested to complete the targets for the short term training first and thereafter pursue achieving the targets under RPL to meet the deadlines. Targets under any stream if not accomplished in the year of their allotment, would automatically be considered withdrawn.

34.3 Since the RPL has become a significant component of the training, the performance under RPL would also be accorded due weightage and consideration while evaluating the performance of the training providers.

34.4 In a scoring matrix of 100 marks, 30% weightage would be assigned to the performance under RPL which would be determined by the number of candidates trained against the allotted targets during a particular financial year. Remaining 70% weightage would be distributed equally between the number of candidates trained against the targets during the reference year and number of candidates placed against the successfully trained candidates.

Example:-

Following illustration is given to elaborate the above provision.

□ **Illustration:**

Performance Matrix (Illustration)					
Short Term Training				RPL Training	
Particulars	Details	Particulars	Details	Particulars	Details
Annual Training Targets	500	Target for Placement	300	Annual Training Targets	2000
Trained (Passed Assessment)	300	Placed Candidates	150	Trained (Passed Assessment)	1500
Percentage Achievement	60%	Percentage Achievement	50%	Percentage Achievement	75%
Weightage (marks)	35	Weightage (marks)	35	Weightage (marks)	30
Marks Obtained	21	Marks Obtained	17.50	Marks Obtained	22.50

Total Score = 61(21+17.50+22.50)

The above figures are assumptive and merely for illustration.

□ The composite score would be the basis on which target for the next Financial Year will be decided.

34.5 In case a PTP is assigned targets only under the RPL stream, the performance of the concerned PTP would be evaluated only with respect to the achievement of RPL targets and full weightage of 100 marks, instead of 30 marks as shown in the

performance matrix, would be given to the RPL performance. Vice- Versa, if a PTP is allotted targets only for short term training its performance would be evaluated without considering RPL stream and equal weightage of 50 marks each would be assigned to the number of trained (passed assessment) candidates and number of candidates placed against the latter.

34.6 Clause for De-empanelment:

- Based on the score obtained as stated in Clause 35.2, a PTP would be put in one of the four categories:

Score	Category
81 to 100	“High Performance”
61 to 80	“Satisfactory Performance”
41 ≤ 60	“Needs Improvement”
≤40	“Poor”

- A PTP which scores ≤ 40 shall be treated as Poor performing and will face immediate de-empanelment.
- A PTP which scores more than 40 to 60 shall be treated in the category “Needs improvement”. Such PTP to achieve score of more than 60 within the next 3 months or else would be de-empanelment.
- In the event of a de-empanelment as stated above, the entire PG amount shall be forfeited. Any advance that has been extended to the PTP on the basis of the PG shall also be recovered.
- A PTP which scores more than 60 to 80 shall be treated in the category “Satisfactory Performance” and shall be asked to submit a Plan on how it will move to the category of “High performance”.
